

🎮 APP ARCHITECTURE WIREFRAME 2.0

AUTHENTICATION FLOW (FIREBASE INTEGRATED)

text

RETURNING PLAYER

- Email/Google/Apple Login
- Biometric Login (Face/Touch ID)
- Forgot Password Flow

MAIN ONBOARDING FLOW

STEP 1: ORIGIN STORY

- "How did you meet?"
- Text/voice input
- Dr. Marcie reactions

STEP 2: RED FLAG INPUT

- "First 'uh oh' moment?"
- Scale: 1 (quirk) to 10 (felony)

STEP 3: CURRENT STATUS

- "Notebook to Gone Girl" slider
- Movie poster visual references

STEP 4: DIAGNOSIS

- AI generates 3 "character classes"
- User selects most accurate
- Unlocks starting stats

COUPLE LINKING

PLAYER A:

- Generate Code: LA-XXXX-LOVE
- Share via: SMS, WhatsApp, etc.
- Copy to clipboard

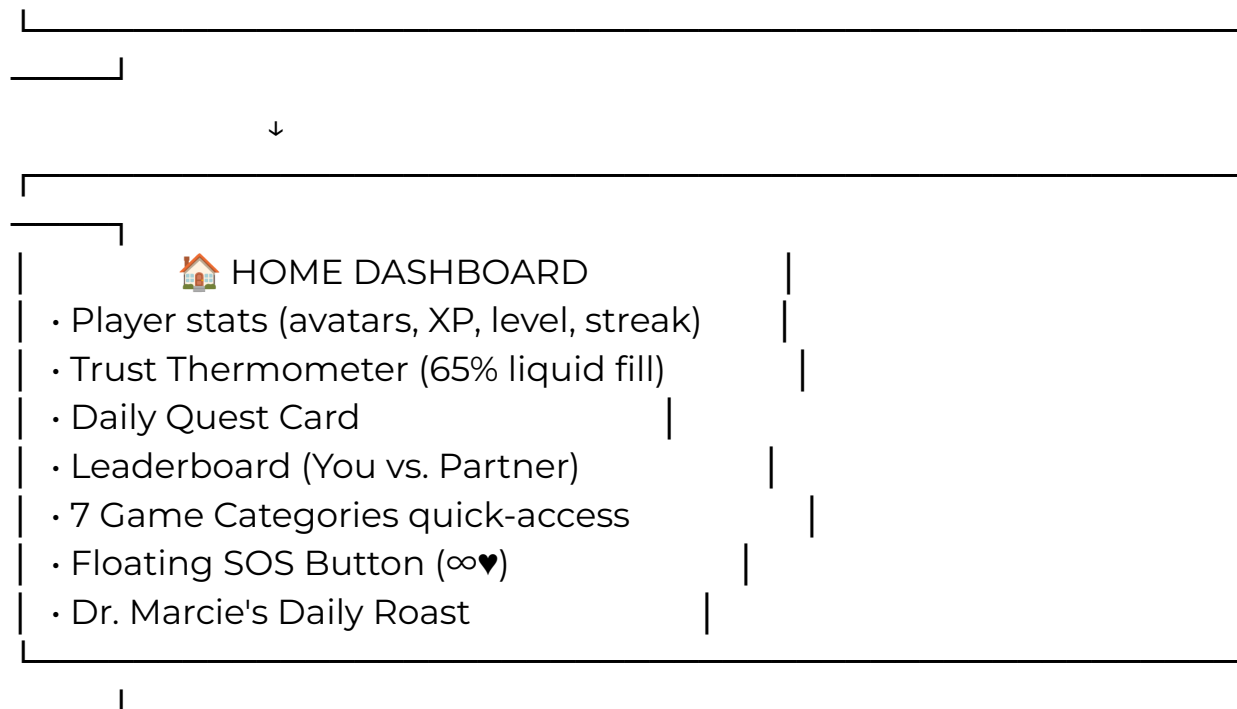

PLAYER B:

- Enter Code
- Validate & Connect
- Firebase creates couple doc

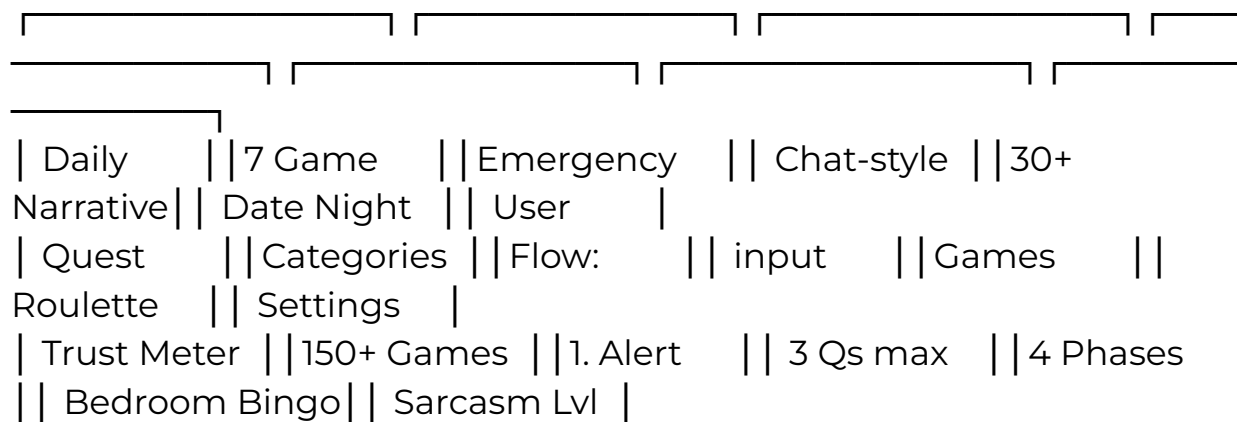

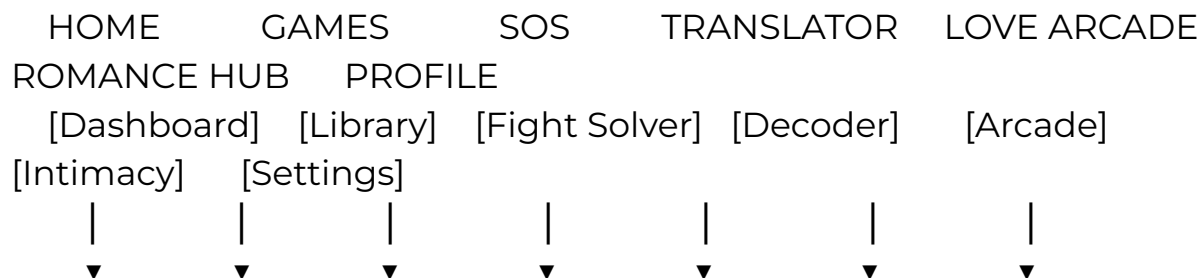

WELCOME!

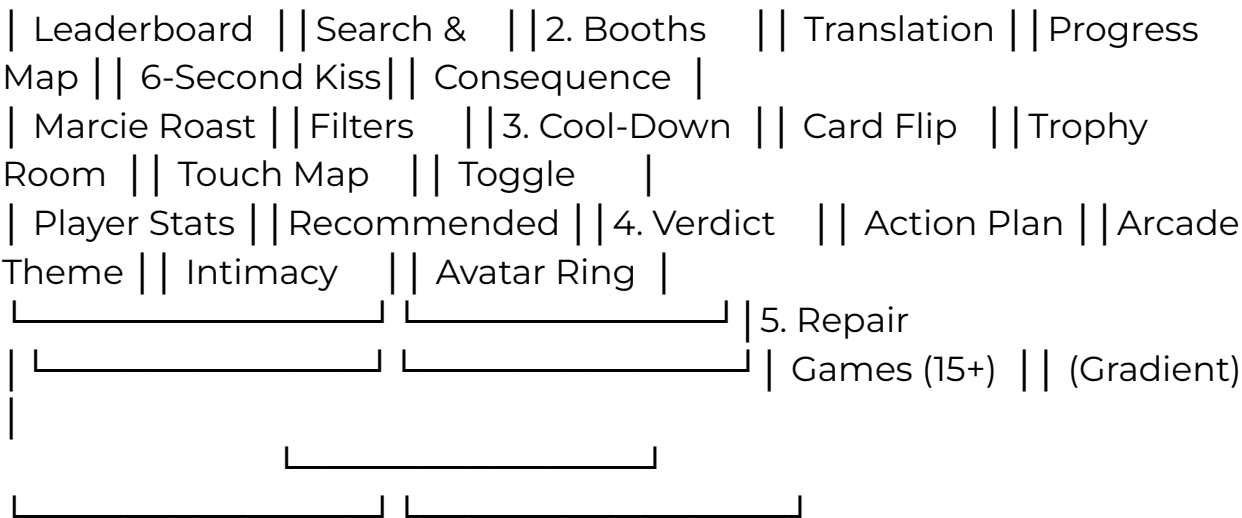

- Confetti animation
- Dr. Marcie: "Player 2 joined!"
- Couple stats initialized
- Trust Meter: 50% (starting)

SOS FIGHT SOLVER FLOW (EMERGENCY GAME MODE)

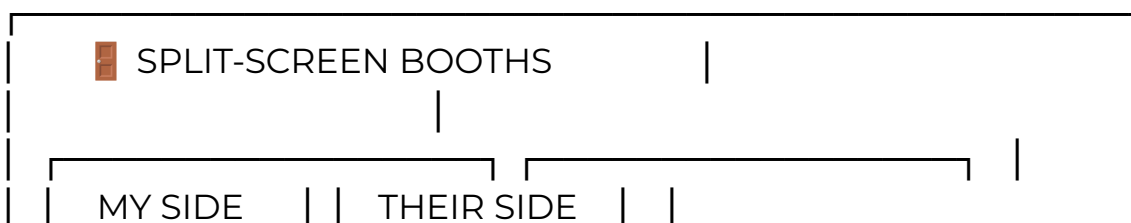

text

● SOS BUTTON (Every Screen, Floating, Gradient Red)

↓

↓

• Frosted glass	• Frosted glass
• Private space	• Private space
• 5-min timer	• 5-min timer
• Free text	• Free text

"Vent freely. No one sees this but me."

- Dr. Marcie

↓

 MAD LIBS INPUT
1. I feel [Dropdown: 20+ emotions]
2. When my partner [Specific action]
3. Because I tell myself [Interpretation]
4. What I actually need is [Need]
SUBMIT BUTTON (gradient)

↓

 HOLDING PATTERN
FIRST FINISHER → COOL-DOWN ROOM
Mini-Games Available:
• Breathing Exercise (visual)
• Distraction Puzzles
• Happy Memory Gallery
• Calming Music Player
"Breathe. They're almost done."
- Dr. Marcie

↓ (BOTH COMPLETE)

AI VERDICT

- Pulls from: History, Origin Story, Personality Types, Previous Fights

WHAT YOU DID RIGHT:

"Alex: Good 'I feel' statement"

+10 Vulnerability Points

THE CALL-OUT:

"Jordan: Stonewalling detected"

-15 Connection Points

THE REALITY CHECK:

"You're fighting about dishes,
but the issue is respect."

WHO OWES APOLOGY:

"Jordan → Alex"

↓

REPAIR CHALLENGES

AI Generates 3 Repair Options:

1. "Share 3 specific appreciations"
2. "Physical touch for 2 minutes"
3. "Plan a 'do-over' conversation"

Each Partner Chooses One →
10-Minute Timer Starts

Complete → Post-Repair Questionnaire

DR. MARCIE OVERLAY SYSTEM (GAME HOST BEHAVIOR)

text

CONSTANT POSITION: Fixed, Z-index 10000+

ALWAYS ABOVE UI: Never contained in boxes

CONTEXT-AWARE ACTIONS:

ON INPUT FIELDS:

- Leans against field edge
- Taps clipboard while thinking
- Nods when typing vulnerably
- Shakes head at avoidant answers

ON BUTTONS:

- Points with gloved hand
- Pushes button with finger
- "Press me, I dare you" speech bubble

DURING TIMERS:

- Holds timer in hand
- Shows time on wristwatch
- Speeds up/slows down dramatically

DURING INACTIVITY:

- Taps watch impatiently
- Checks nails
- Sips virtual coffee
- "I'll wait..." speech bubble

ON GAME WINS:

- Confetti celebration
- Victory dance
- Finger guns + wink
- "Level up!" animation

ON GAME LOSSES:

- Facepalm animation
- Disappointed headshake
- "Try again, darling" encouragement
- Offers hint (if available)

DURING LOADING:

- Shows loading animation on clipboard
- "Processing your emotional data..."
- Plays idle animations

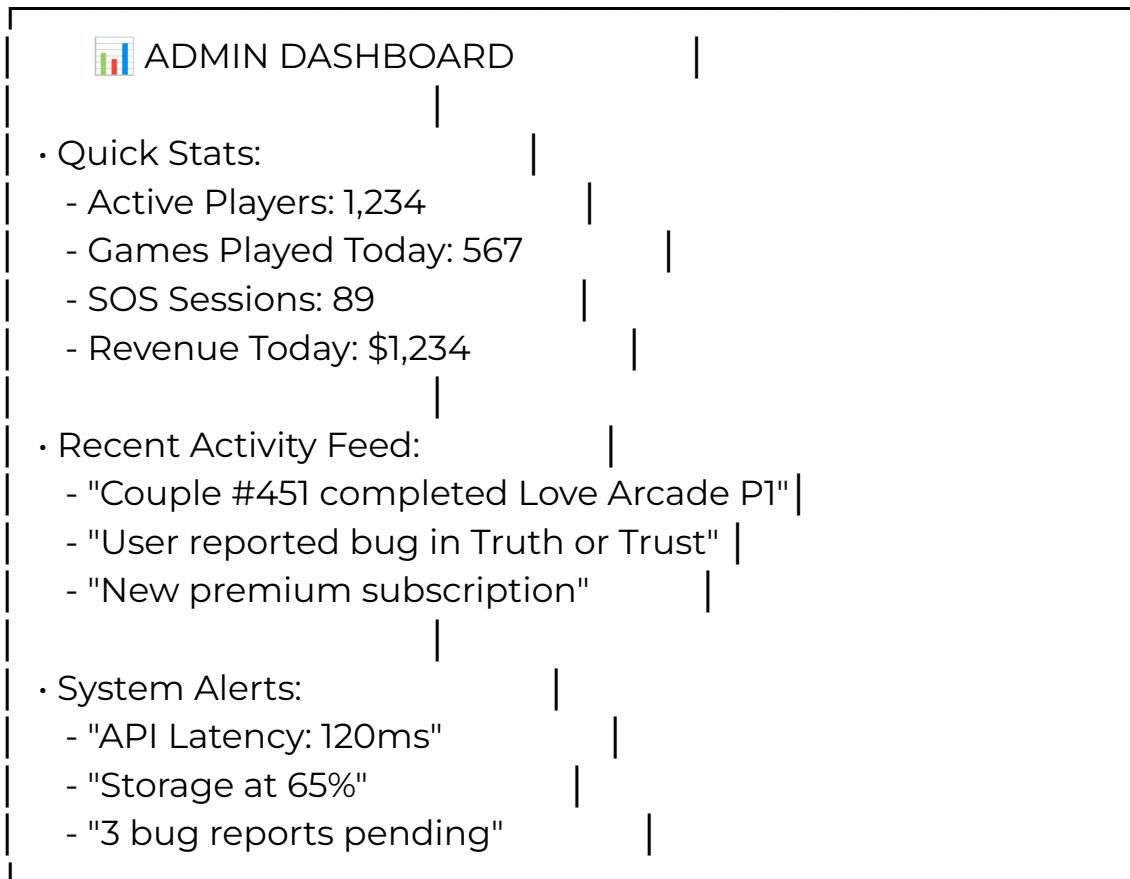

PERSONALITY TIERS (User Selectable in Settings):

1. 🎮 TUTORIAL MODE: Tough Love Rookie (Mild)
2. 🎯 NORMAL DIFFICULTY: Reality Check Specialist (Clinical)
3. 🏆 HARD MODE: Radical Truth Wizard (Poetic)
4. 🎮 ARCADE CHAMPION: The Glamour Oracle (Dynamic Prophet)

ADMIN PANEL FLOW (WEB - "ARCADE OPERATOR")

text

🔑 ADMIN LOGIN (Super Admin Only)

- Create/Edit/Delete 150+ games
- Upload game assets (images, videos)
- Set game parameters (XP, duration)
- Edit Dr. Marcie scripts per game
- A/B test game variations

USER MANAGEMENT

- View active couples (real-time)
- Ban toxic users (with notifications)
- Reset stuck game states
- Moderation queue
- Manual couple linking

PROMPT ENGINEERING

- Edit Dr. Marcie's personality prompts
- Adjust sarcasm levels (global/user)
- Update repair scripts
- A/B test AI responses
- Monitor AI usage & costs

ANALYTICS

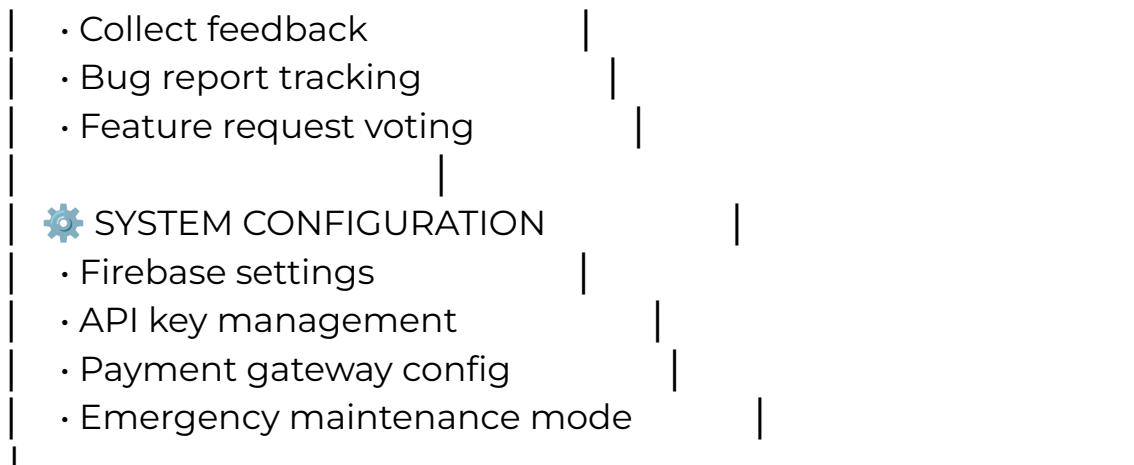

- Player retention charts
- Game popularity heatmaps
- Revenue analytics
- Export data (CSV, JSON)
- Custom report builder

PUSH NOTIFICATIONS

- Compose messages with targeting
- Schedule campaigns
- A/B test notifications
- Emergency broadcast system

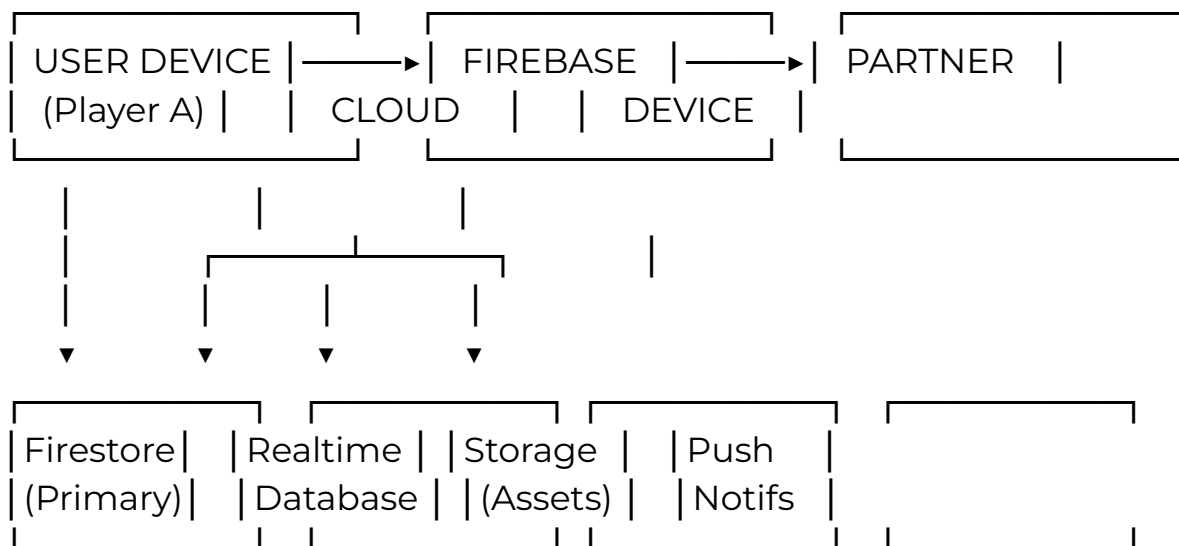

BETA TESTER MANAGEMENT

- Distribute beta codes

DATA FLOW & SYNCHRONIZATION (FIREBASE)

text

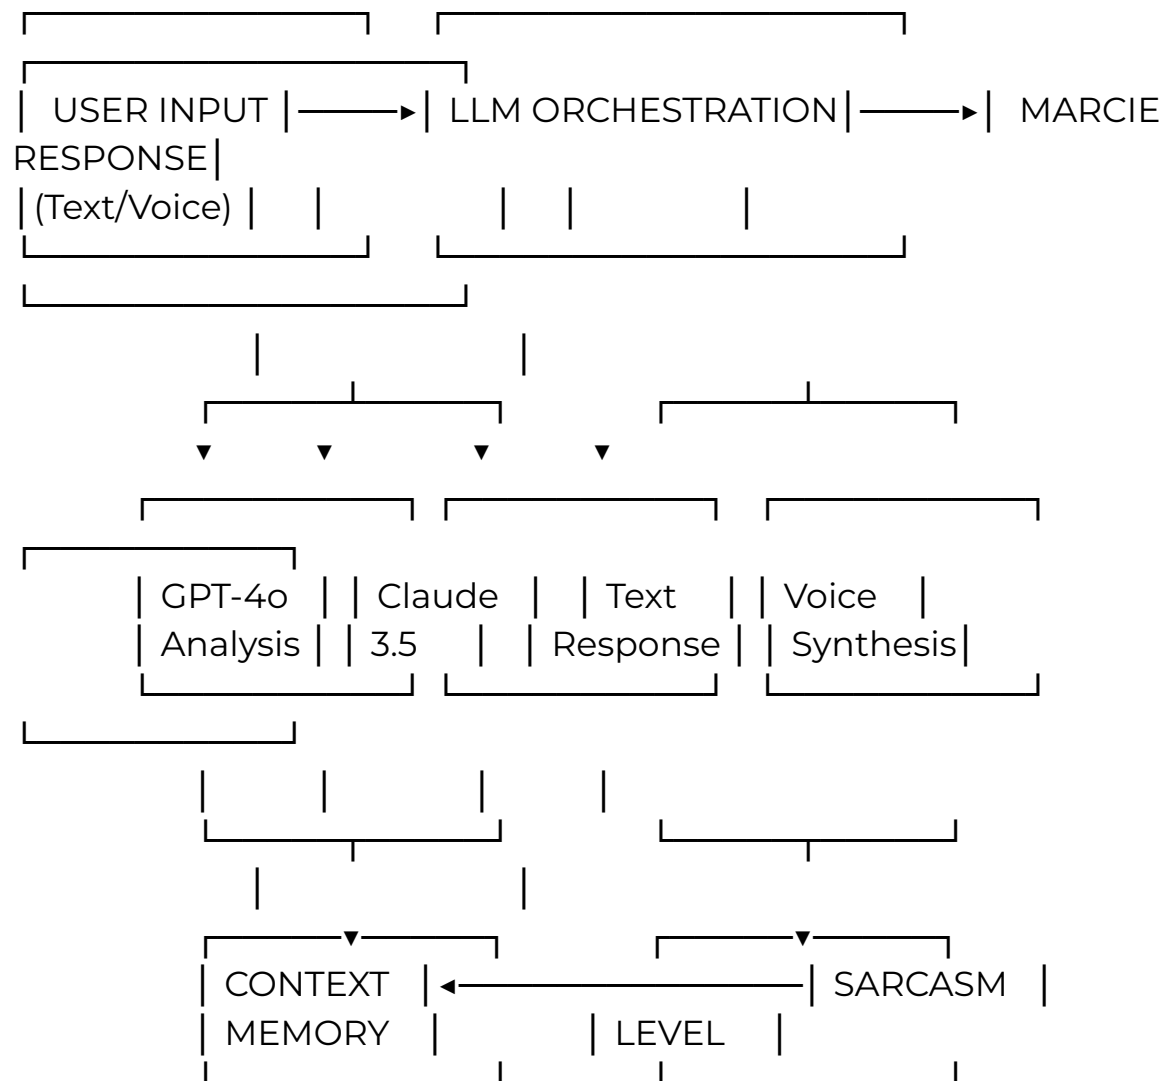

REAL-TIME SYNC FOR:

- SOS Session Status (active/waiting/resolved)
- Game Completion & Scores
- Trust Meter Updates (live percentage changes)
- Chat Messages (if implemented)
- Couple Linking Status
- Leaderboard Position Changes
- Active Game State (multiplayer games)

- Partner Online/Offline Status

AI PROCESSING FLOW:

MONETIZATION GATING

text

🎯 FREE TIER (Player 1 & 2)

- ✓ 1 Daily Challenge per day
- ✓ 1 SOS session per week
- ✓ Basic Relationship Assessment
- ✓ 4 Emotional Connection Games

- ✓ Love Arcade: Phase 1 Only (8 games)
- ✓ Profile & Basic Settings
- ✓ Couple Linking
- ✓ Trust Thermometer Tracking
- ✗ Ads: Non-intrusive banner ads
- ✗ Limited to 20% of total games

PREMIUM TIER (\$19.99/month or \$179.99/year)

- ✓ ALL 150+ GAMES UNLOCKED
- ✓ Unlimited SOS Sessions
- ✓ Full Love Arcade (4 Phases, 30+ games)
- ✓ Custom Dr. Marcie Personality Settings
- ✓ Healing Hospital Games (15 games)
- ✓ No Ads
- ✓ Priority Support
- ✓ Monthly Relationship Reports
- ✓ Double XP Weekends
- ✓ Early Access to New Games
- ✓ Advanced Analytics
- ✓ Custom Avatar Frames
- ✓ Exclusive Dr. Marcie Outfits

COUPLES THERAPIST EDITION (\$49.99/month)

- ✓ Everything in Premium PLUS:
- ✓ Therapist Dashboard
- ✓ Client Management Tools
- ✓ Session Notes Integration
- ✓ Progress Tracking for Multiple Couples
- ✓ White-Labeled for Practices
- ✓ Professional Resources Library
- ✓ CEU (Continuing Education) Tracking
- ✓ Group Workshop Materials
- ✓ Billing & Invoice Management

BETA TESTER (Special Access)

- ✓ All Premium Features
- ✓ Admin Panel Access (Limited)
- ✓ Early Features (Before Public)
- ✓ Direct Developer Feedback Channel
- ✓ Exclusive Beta Tester Badge
- ✓ Free Subscription During Beta

CRITICAL CONNECTION POINTS

1. COUPLE LINKING → ALL FEATURES

text

Partner Code Generation → Firebase Couple Document → Real-time Sync

↓

↓

↓

Shared Progress Tracking Simultaneous Gameplay Partner Notifications

Shared Data Storage Live Score Updates Joint Achievements
Relationship Statistics Collaborative Games Synchronized Timers

2. DR. MARCIE CONSISTENCY

text

Personality Settings (1-4) → All App Screens → AI Prompt Engine

↓

↓

↓

Same Sarcasm Level Same Animation Set Context-Aware
Across All Features Across All 150+ Games Responses

Voice Tone Consistency Overlay Positioning Emotional Intelligence

3. CONSEQUENCE ENGINE TRIGGERS

text

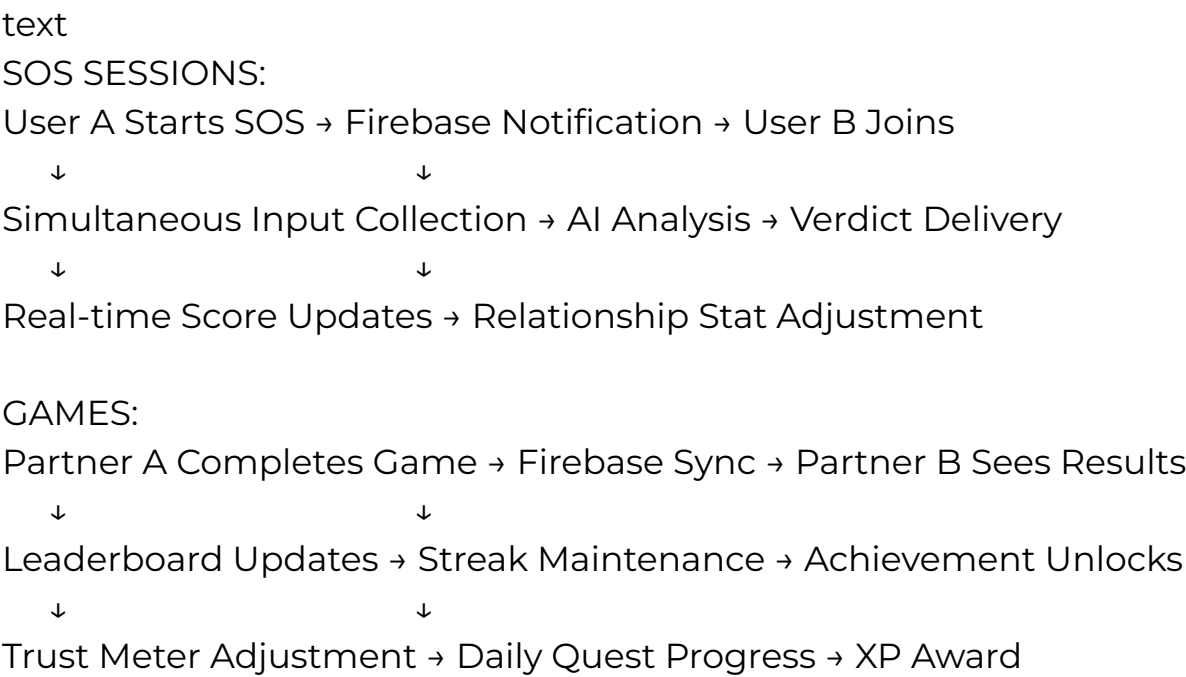

24h Game Inactivity → Penalty System Activation

↓

PENALTY 1: WALLPAPER SWAP	
• Requests device permission	

• Changes lock screen to Dr. Marcie judging • Reverts after completing missed task	
PENALTY 2: NOTIFICATION BOMBARDMENT	
• "Are we ignoring our relationship?" • "Your partner played without you" • Stops when app opened	
PENALTY 3: PUBLIC ROAST (Opt-In Only)	
• "Certificate of Negligence" generation • Prompts share to social media • "Share to unlock app" mechanism	
PENALTY 4: ROMANCE HUB LOCKOUT	
• Fun games greyed out • "Complete one Healing Hospital game" • Work-before-play incentive	

4. REAL-TIME FEATURES

GAME RUNNER TEMPLATE (UNIVERSAL)

text

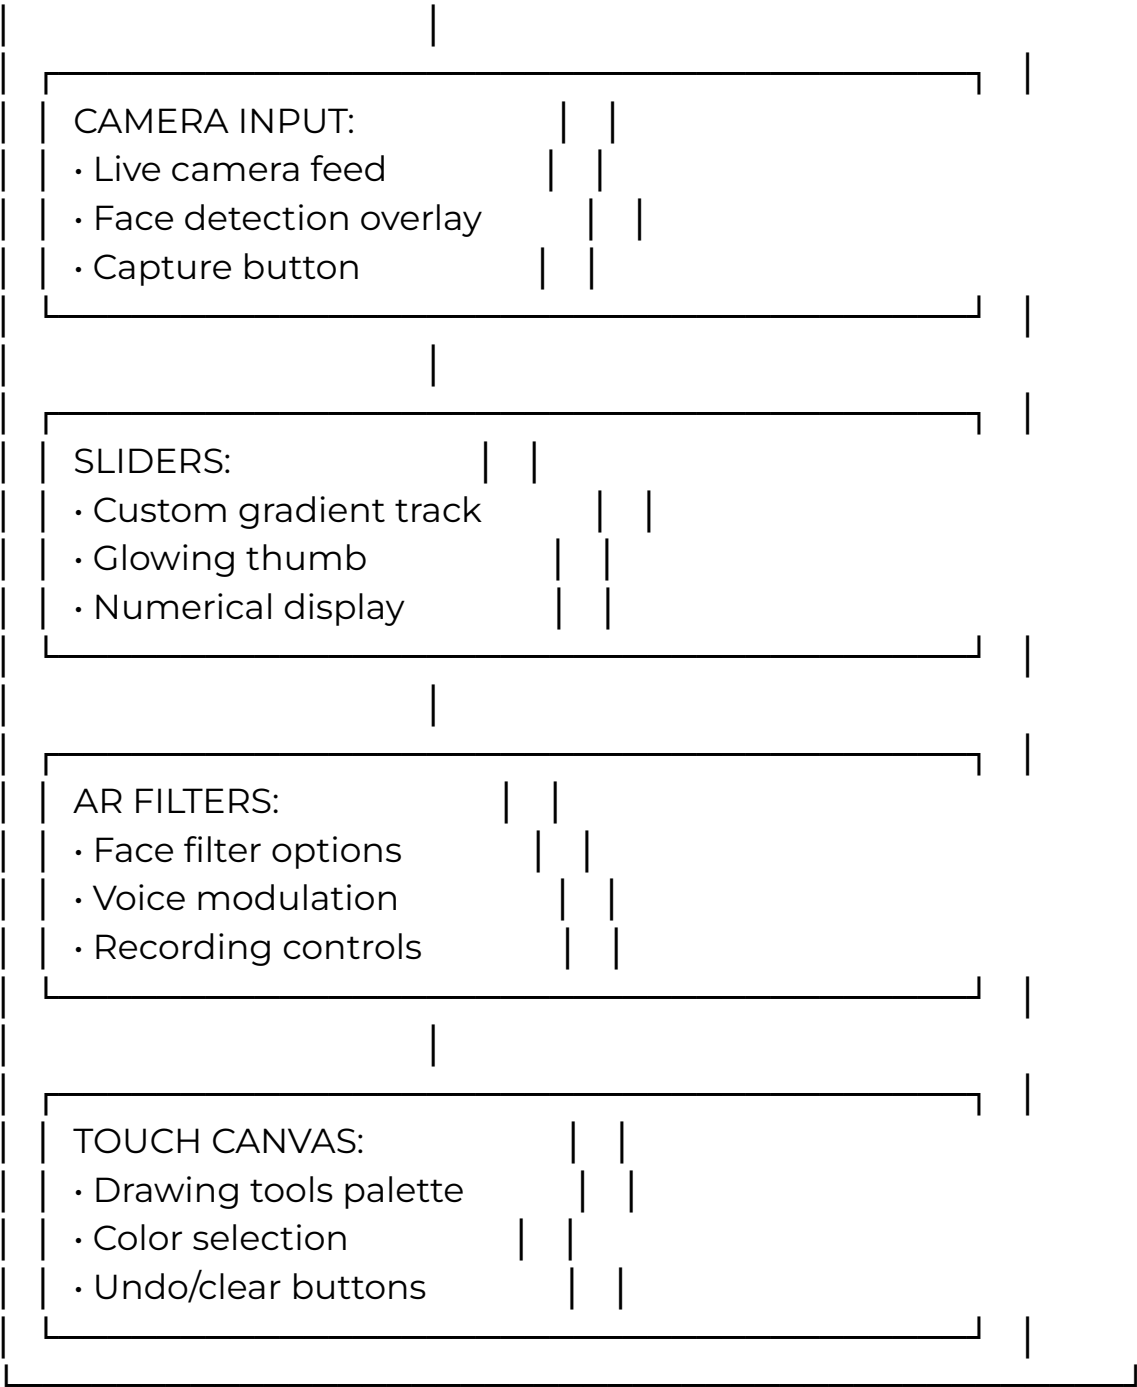

HEADER: GAME TITLE + TIMER		
• Game Name (Inter Bold, 24px)		
• Countdown Timer (00:00)		
• Pause Button (右上)		
• Gradient Header Background		

↓

DR. MARCIE OVERLAY (CONTEXTUAL)		
• Position based on game type		
• Relevant animation (thinking, pointing)		
• Speech bubble with instructions		
• Z-index: 10000 (above all)		

↓

DYNAMIC INPUT AREA		
TEXT INPUT:		
• Multi-line text field		
• Character counter		
• Emotion detection hints		
VOICE RECORDING:		
• Record button (gradient)		
• Waveform visualization		
• Playback controls		

↓

- Celebration sound
 - "Great job!" from Dr. Marcie
 - Haptic: Light success vibration
- FAILURE/NEEDS IMPROVEMENT:
- Buzzer sound
 - Dr. Marcie facepalm
 - Constructive feedback
 - Haptic: Heavy "try again" vibration

RESULTS SCREEN

- Score Calculation Display
- XP Awarded (animated counting)
- Progress Update (Trust Meter +%)
- Achievement Unlocks (if any)
- Share Option (to partner/social)
- Next Game Recommendation
- Dr. Marcie's Final Commentary

BUTTONS:

- Play Again
- Try Different Game
- Return to Home

POTENTIAL CONNECTION ISSUES IDENTIFIED

1. AUTHENTICATION FLOW GAPS

text

NEEDED: Clear "Already have account?" path in onboarding

CURRENT: Only shows "New User" / "Returning User" choice

SOLUTION: Add "Sign in instead" link on email entry screen

NEEDED: Password recovery flow

MISSING: Forgot password functionality

SOLUTION: Implement Firebase password reset email flow

NEEDED: Biometric login integration

MISSING: Face ID / Touch ID / Fingerprint support

SOLUTION: Integrate react-native-biometrics library

NEEDED: Session persistence across app updates

RISK: Users logged out after app update

SOLUTION: Secure token storage with encryption

2. DATA SYNCHRONIZATION EDGES

text

NEEDED: Offline mode handling specification

CURRENT: No defined offline behavior

SOLUTION: Cache games locally, sync when online

NEEDED: Conflict resolution for simultaneous edits

RISK: Two users editing same data at same time

SOLUTION: Implement Firebase transaction system

NEEDED: Data migration for app updates

RISK: Breaking changes to data structure

SOLUTION: Versioned data schema with migration scripts

NEEDED: Large media file handling

RISK: Voice notes/videos causing storage issues

SOLUTION: Compression + progressive upload

3. PAYMENT FLOW INTEGRATION

text

NEEDED: Free trial expiration → downgrade flow

MISSING: Graceful feature reduction
SOLUTION: 7-day warning + gradual feature removal

NEEDED: Payment failure → grace period logic
RISK: Immediate feature cutoff on failed payment
SOLUTION: 3-day grace period with notifications

NEEDED: Restore purchases on new device
MISSING: Cross-device subscription sync
SOLUTION: Firebase + Stripe user linking

NEEDED: Refund request handling
MISSING: Process for refund requests
SOLUTION: Admin panel refund tools + policy

4. ADMIN → APP COMMUNICATION

text

NEEDED: Hot-reloading game content verification
RISK: Broken games after content update
SOLUTION: A/B testing + gradual rollout

NEEDED: Emergency maintenance mode
MISSING: Way to temporarily disable app
SOLUTION: Firebase Remote Config kill switch

NEEDED: Global announcement system
MISSING: Way to communicate with all users
SOLUTION: Push notification broadcast system

NEEDED: Real-time app performance monitoring
MISSING: Live crash/error reporting
SOLUTION: Sentry + Firebase Performance integration

PERFORMANCE CHECKPOINTS

LOADING SEQUENCE:

text

1. SPLASH (Video) → 2s maximum
 - Preload critical assets during splash
 - Show progress indicator if longer
2. ASSET PRELOAD → Fonts, Images, Animations
 - Dr. Marcie animations: <1s load
 - Game assets: Lazy load as needed
 - Critical UI components: Preload
3. AUTH CHECK → Instant if cached
 - Firebase auth token validation
 - Biometric login option
 - Offline mode detection
4. INITIAL DATA FETCH → <3s total
 - User profile: <500ms
 - Couple data: <500ms
 - Today's quest: <500ms
 - Game progress: <1s
5. MARCIE ANIMATION LOAD → <1s
 - Base animation set
 - Personality-specific animations
 - Voice synthesis initialization

REAL-TIME REQUIREMENTS:

text

- SOS PARTNER JOIN: <5s notification delivery
 - Firebase Cloud Messaging priority: high
 - Local push notification fallback

- GAME SYNC: <2s delay between devices
 - Firebase Realtime Database optimization
 - Connection state monitoring
- CHAT MESSAGES (if implemented): <1s delivery
 - Message queuing for offline
 - Read receipt tracking
- TRUST METER: Real-time updates
 - Live percentage changes
 - Animated transitions
- LEADERBOARD UPDATES: <3s sync
 - Score calculation optimization
 - Cached results with refresh

RECOMMENDED IMPLEMENTATION ORDER

Based on dependencies and user value:

PHASE 1: FOUNDATION (Weeks 1-4)

text

1. PROJECT SETUP & ASSET LOADING ✓

- React Native + Expo configuration
- Firebase project setup
- Asset pipeline (images, animations, fonts)
- Development environment

2. UI SYSTEM & MARCIE OVERLAY ✓

- Gradient button system
- Typography system (Inter font)
- Color system implementation
- Dr. Marcie overlay component
- 15+ animation integration

3. ONBOARDING & COUPLE LINKING ✓

- Firebase authentication
- Onboarding flow (4 steps)
- Couple linking system
- Profile creation

PHASE 2: CORE THERAPY TOOLS (Weeks 5-8)

text

4. SOS FIGHT SOLVER (PRIORITY) ✓

- Emergency modal system
- Split-screen booth UI
- AI integration (basic)
- Repair challenge system

5. HOME DASHBOARD ✓

- Trust Thermometer component
- Daily quest system
- Leaderboard (basic)
- Player stats display

6. BASIC GAMES (10 essentials) ✓

- Truth or Trust (voice)
- The Slap of Truth (swipe)
- Gratitude Cloud (text)
- 6-Second Kiss (touch)
- Date Night Roulette (wheel)
- +5 more simple games

PHASE 3: GAME ENGINE & EXPANSION (Weeks 9-12)

text

7. GAME ENGINE FOUNDATION ✓

- Universal game runner template
- Scoring system integration
- Real-time multiplayer sync

- Progress tracking

8. LOVE ARCADE IMPLEMENTATION ✓

- Arcade entrance UI
- Phase progression system
- First 10 narrative games
- Trophy/achievement system

9. INDIVIDUAL GAMES (Batch 1) ✓

- 25 games from Emotional Connection
- 15 games from Conflict Resolution
- 10 games from Creative Chaos

PHASE 4: ADVANCED FEATURES (Weeks 13-16)

text

10. PARTNER TRANSLATOR ✓

- Chat-style interface
- AI question generation
- Translation card system
- Action plan delivery

11. CONSEQUENCE ENGINE ✓

- Penalty system logic
- Device permissions handling
- Notification system
- Lockout mechanics

12. INDIVIDUAL GAMES (Batch 2) ✓

- Remaining 90+ games
- Camera/AR games
- Voice recording games
- Drawing/canvas games

PHASE 5: POLISH & LAUNCH PREP (Weeks 17-20)

text

13. REMAINING SCREENS ✓

- Profile & settings complete
- Romance Hub interface
- Healing Hospital interface
- Game library organization

14. ADMIN PANEL ✓

- Web interface development
- Game CMS implementation
- User management tools
- Analytics dashboard

15. INTEGRATION TESTING ✓

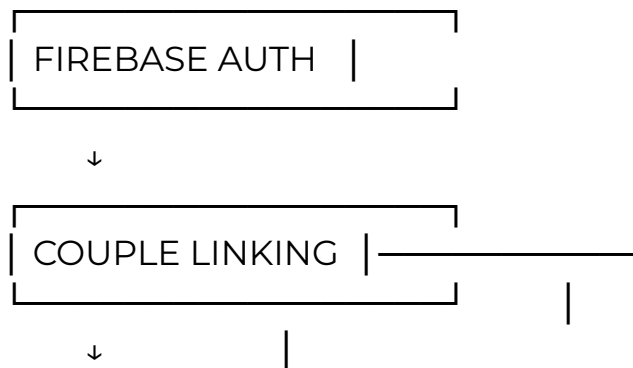

- Cross-device testing
- Real-time sync validation
- Performance optimization
- Bug fixing & polish

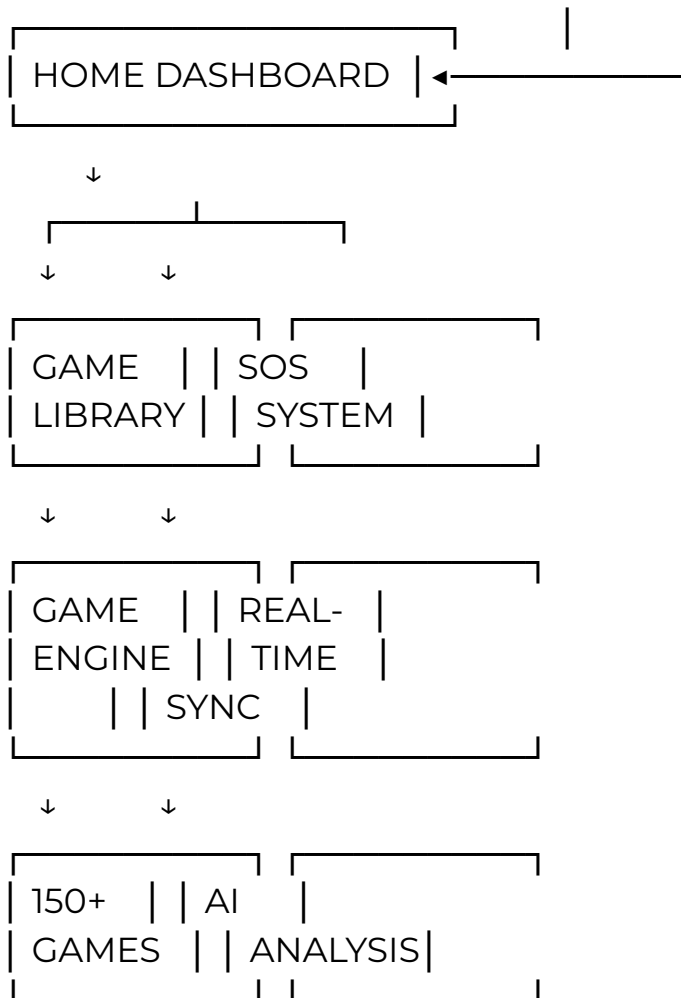

16. API INTEGRATION & BUG FIXES ✓

- Final AI integration
- Payment system testing
- App store preparation
- Launch checklist completion

KEY DEPENDENCIES

text

✓ CONNECTION VALIDATION

All 105+ screens connect correctly with:

1. CLEAR NAVIGATION PATHS between all screens
 - Bottom tab navigation (7 tabs)
 - Back button functionality
 - Deep linking support
 - No dead ends
2. CONSISTENT DR. MARCIE OVERLAY across all features
 - Same visual style everywhere
 - Contextual positioning
 - Personality level consistency
 - Animation synchronization

3. REAL-TIME SYNCHRONIZATION for couple activities
 - Firebase Realtime Database
 - Offline capability with sync
 - Conflict resolution
 - Data consistency checks
4. UNIFIED GAME ENGINE for all 150+ games
 - Single game runner template
 - Consistent scoring system
 - Standardized input methods
 - Universal results screen
5. SINGLE ADMIN PANEL controlling all content
 - Web-based CMS
 - Real-time updates
 - User management
 - Analytics and reporting
6. SEAMLESS PAYMENT INTEGRATION with feature gating
 - Stripe payment processing
 - Subscription management
 - Free/premium feature separation
 - Restore purchases functionality
7. ERROR HANDLING for all connection failures
 - Network error recovery
 - Firebase connection issues
 - AI API failures
 - Payment processing errors
 - Graceful degradation

LAUNCH READINESS CHECK

Based on wireframe analysis:

text

ALL SCREENS CONNECT LOGICALLY

- 105+ screens with clear navigation
- No orphaned screens
- Complete user journey mapping

✓ NO DEAD-END PAGES

- Every screen has exit/back option
- Clear calls to action
- Progressive disclosure

✓ CONSISTENT USER FLOW

- Onboarding → Gameplay → Progress
- Emergency access (SOS) always available
- Settings accessible from anywhere

✓ CLEAR MONETIZATION PATHS

- Free tier with value
- Premium upgrade incentives
- In-app purchase options
- Therapist edition for professionals

✓ ADMIN CONTROL OVER ALL CONTENT

- Game content management
- User moderation tools
- Analytics and reporting
- System configuration

✓ REAL-TIME FEATURES PROPERLY LINKED

- Multiplayer game sync
- Live score updates
- Instant messaging (if implemented)
- Notification system

✓ DR. MARCIE PERSONALITY CONSISTENT THROUGHOUT

- 4 personality levels
- Consistent visual design
- Unified animation system
- Voice synthesis integration

✓ PERFORMANCE OPTIMIZATIONS IN PLACE

- Loading time targets
- Memory usage management
- Battery consumption optimization
- Network efficiency

✓ ACCESSIBILITY FEATURES IMPLEMENTED

- Screen reader support
- Dynamic text sizing
- Color contrast compliance
- Reduced motion options

✓ SECURITY MEASURES CONFIRMED

- Data encryption
- Secure authentication
- Payment security
- Privacy compliance (GDPR, CCPA)
